Abstract

Twenty-first century Theoretical Physics is undergoing a major “Paradigmatic-Shift” from the Old “Material Causal” Paradigm to the New “A-Causal Computation” “G-D’s Physics” Paradigm! This “Paradigmatic Shift necessitates not only the shown capacity of the New “G-D’s Physics” Paradigm to resolve the apparent “theoretical-inconsistencies” between the Old Paradigm’s two major “Relativity Theory” (RT) & “Quantum Mechanics” (QM) pillars, but more specifically requires a direct empirical validation of at least one unique “Critical Prediction” of the New “G-D’s Physics” Scientific Paradigm, as more valid than the corresponding predictions of both RT & QM; The current article presents conclusive empirical evidence validating two unique “Critical Predictions” of “G-D’s Physics” New Paradigm, as more valid than the predictions of both RT & QM, thereby substantiating it as the new satisfactory Scientific Paradigm for the Twenty-first century! “G-D’s Physics” New Paradigm is based on the discovery of a singular higher-ordered “Universal Computational Principle” (UCP) which simultaneously computes all exhaustive spatial pixels in the universe at the incredible rate of “ $c2/h$ ” = 1.36-50 (sec’)!

In this article, a newly discovered “Gimatria” (e.g., Hebrew letters numerical values) based computation of the UCP for every exhaustive “object” which explains the manner in which the UCP is able to translate this “Non-Material Gimatria Consistency Computation” (for every exhaustive object) into the differential number of “consistent presentations” of this object across the series of (extremely rapid) UF’s of that object (e.g., corresponding to its “mass value”), as well as explain some of its unique physical characteristics! Indeed, it is shown that this newly discovered NMGCC explains the manner in which the UCP is capable of computing the unique physical characteristics of every “human” or “non-human” “object” based on this “Gimatria-based” computation associated with the five “secondary-essential” “Hierarchical Computational Dimensions” (HCD’s), which corresponds to “ten zero’s” (e.g., out of the “fifty zero’s”) incredible rate of the UCP’s computation of every exhaustive spatial pixel: “ $c2/h$ ” = 1.36-50 sec’!) “G-d’s Physics” newly discovered NMGCC fulfills the UCP’s “Pre-planned” advancement of the physical universe from its “inanimate” material composition through “animate”: plants, animals and human-beings to its “Ultimate Perfected Geulah State” of the universe in which the singularity of this UCP will be recognized by Science (and Humanity) as characterized by: “All-Goodness”, “Morality”, “Peace” & “Harmony”!

Introduction

Scientific Inquiry (within any given discipline) is governed by empirical data and logical reasoning that can best explain that given data within a cohesive Theoretical Framework! However, the famous Philosopher of Science, Thomas Kuhn taught us that the evolution of such Scientific Inquiry (within a given scientific discipline) alternates between phases governed by a given "Standard Paradigm" in which such a given "Standard Paradigm" is capable of explaining all known data and phenomena, and an inevitable subsequent "Paradigmatic-Shift" into a "New Scientific Paradigm" (NSP) which follows the appearance of a "Paradigmatic-Crisis" within the Old "Standard Paradigm"; Such a "Paradigmatic-Crisis" is characterized by the appearance of "theoretical inconsistencies" between the "foundations" of

the Old "Standard Paradigm", such as for instance the apparent theoretical inconsistency that appeared between Newtonian Mechanics and Maxwellian Electromagnetic Theory.

In addition, a "Paradigmatic-Crisis" is also characterized by the principle inability of this Old "Standard Paradigm" to account for a key empirical phenomenon, such the inability of the Old 19th century's Newtonian Mechanics to empirically validate the existence of the purely hypothetical "Ether" concept which was key for Newtonian Mechanical Theoretical Framework?! Kuhn teaches us that alongside with the appearance of such a "Paradigmatic-Crisis" for the Old "Standard Paradigm" (in this case Newtonian Mechanics) there emerges the "New Paradigm" (e.g., Relativity Theory) shown capable of resolving the appar-

ent "theoretical inconsistency" (between Newtonian Mechanics and Maxwellian Electromagnetic Theory), resolving the "unexplained empirical phenomenon" (e.g., Relativity Theory discarded the purely hypothetical "Ether" concept as "superfluous" or "non-existent!"); and most significantly identify and empirically validate at least one unique "Critical Prediction" of the "New Paradigm" – as more valid than the corresponding prediction of the "Old Paradigm": In the case of Einstein's General Relativity Theory (GRT) this unique "Critical Prediction" related to his prediction regarding the double-valued curvature of Mercury's perihelion's pathway around the Sun (e.g., due to the Sun's mass' curvature of Space-Time affecting Mercury's curved perihelion pathway); Indeed, once Einstein's double-valued Mercury's perihelion pathway (around the Sun) unique "Critical Prediction" was validated by Eddington during the famous 1919 Solar Eclipse – Einstein's GRT "triumphed" and was accepted as the New Scientific Paradigm for 20th century Theoretical Physics!

We stand at an equivalent (historic) "juncture" in which the Old "Material-Causal" (Standard Paradigm) of GRT and Quantum Mechanics (QM), has reached a clear "Paradigmatic-Crisis", e.g., due the apparent "theoretical-inconsistency" between these two GRT & QM "pillars" of the Old "Material-Causal" Paradigm seem "theoretically inconsistent": this is due to the apparent "theoretical inconsistency" between GRT's strict insistence upon the "Speed of Light Barrier" (SLB) for the transmission of any signal (or information) across space and time, as opposed to QM's (empirically validated) "Quantum Entanglement" phenomenon which indicates that a measurement of one "entangled particle" "instantaneously" affects the other "entangled particle's" complimentary (space-energy, time-mass) value/s, e.g., apparently contradicting GRT's SLB fundamental constraint?!

Additionally, there exists a key "unexplained empirical phenomenon" relating to the universe's accelerated rate of expansion which can only be explained by GRT's assuming of the existence of (purely hypothetical) "dark-matter" and "dark-energy" concepts which are assumed to comprise up to 90% of all the mass and energy in the universe – but yet failed to be detected (despite numerous experimental attempts) for the past two decades?! Indeed, two highly influential scientific articles recently published by Scientific American begin questioning the validity of these purely hypothetical "dark-matter" and "dark-energy" concepts! (REF??). Hence, the Old "Material-Causal" Paradigm underlying both GRT and QM has reached a state of "Paradigmatic-Crisis" which has indeed led to the discovery of a New "Computational Unified Field Theory" (CUFT), recently termed: "G-D's Physics" (See exhaustive Bentovish References) shown capable of resolving the apparent "theoretical inconsistency" between GRT & QM!

The manner in which this New "G-D's Physics" Scientific Paradigm is able to resolve the apparent "theoretical inconsistency" between GRT & QM is based on its discovery of a singular higher-ordered "Universal Computational/Consciousness Principle" (UCP) which is postulated to simultaneously compute all exhaustive spatial pixels in the universe, e.g., including their four basic physical features of "space" and "energy", "mass" and "time" – at an unfathomably rapid rate of " c^2/h " = 1.36-50 (sec')!

This produces an extremely rapid series of "Universal Frames" (UF's) comprising all exhaustive spatial pixels in the universe at every such "minimal time point", e.g., with all such exhaustive spatial pixels "dissolving" back into the singularity of the UCP "in-between" any two such consecutive UF's frames!

Additionally, as part of the UCP's simultaneous computation of all exhaustive spatial pixels comprising the entire physical universe for each consecutive UF's frame/s, it also computes "Single Spatial-Temporal" (SST) relativistic "object" or subatomic "particle" computation, as well as "Multi Spatial-Temporal" (MST) computation of more than one spatial-temporal "object"/"particle" point at any given UF's frame/s, e.g., giving rise to the (relativistic or subatomic) "wave" phenomenon! Thus, the New "G-D's Physics" Paradigm's theoretical framework is capable of explicating the embedding of any SSP "particle", e.g., including two "entangled particles" as integral parts of the broader "MST" "wave" phenomenon – which are both embedded within the "Exhaustive Spatial-Temporal" (EST) UCP's computation of the entire UF's frame/s (e.g., for each consecutive UF's frame)!

Viewed from this novel higher-ordered perspective of the UCP's EST computation of all exhaustive spatial temporal pixels comprising the entire physical universe (for each consecutive UF's frame/s) – as embedding within it both the SST "entangled particles" and the broader MST "wave" computation allows for this New "G-D's Physics" to resolve the apparent "theoretical inconsistency" between GRT & QM – while pointing at the much more exhaustive theoretical framework of the UCP's production of the series of UF's frame/s! Indeed, a major discovery made by this New "G-D's Physics" Scientific Paradigm is the complete unification – not only between GRT & QM, but also between the four basic physical features of "space" and "energy", "mass" and "time" (as well as between the four basic Forces!) within a newly discovered "Universal Computational Formula" (UCF), which explicates the UCP's simultaneous computation of all exhaustive spatial pixels (for each consecutive UF's frame/s)!

This major UCF discovery stems from "G-D's Physics" novel computation of these four basic physical features as underlie by the UCP's two (out of three) "Computational Dimensions" of "Framework" and "Consistency": According to "G-D's Physics" New Scientific Paradigm the UCP computes for each given (relativistic or subatomic) object – its degree of "Consistency" (e.g., "consistent" or "inconsistent") relative to two possible "Framework" levels, i.e., relative to the entire "frame" or relative to the "object" itself (i.e., internal composition), which gives rise to those four basic physical features; That is, when the UCP computes "Framework" – "consistent" or "inconsistent" measures of any given object this yields the two corresponding physical features of "space" and "energy", whereas when the UCP computes the two "Object" – "consistent" vs. "inconsistent" measures this produces the two corresponding physical features of "mass" and "time"! Based on these new (and exciting) UCP's computational definitions of these four basic physical features (given below) the New "G-D's Physics" Scientific Paradigm was able to integrate them as secondary computational features of the same singular higher-ordered UCP, thereby giving rise to this profound novel "Universal Computational Formula" (UCF)!

The "Universal Computational Formula" (UCF)

$$\begin{array}{c}
 \text{c}^2 \\
 \text{---} \\
 \text{h}
 \end{array}
 \text{UF's } \{n \dots n \dots n\}
 =
 \frac{s * e}{t * m}$$

Note: which is accompanied by "G-d's Physics" (CUFT) computational (previous) definitions of these four basic physical features of "space" and "energy", "mass" and "time" as representing "Frame" – "consistent" ("space") or "inconsistent" ("energy"), or "Object" – "consistent" ("mass") or "inconsistent" ("time") computational properties of the UCP's simultaneous and integrated computation of all exhaustive spatial pixels:

$$S: (f_i\{x,y,z\}[UF(i)] + \dots + f_j\{x,y,z\}[UF(n)]) / h * n \{UF's\}$$

such that:

$$f_j\{x,y,z\}[UF(n)] \leq f_i\{x+(h*n), y+(h*n), z+(h*n)\} [UF's(i \dots n)]$$

where the "space" measure of a given object (or event) is computed based on a "Frame-consistent" computation that adds the specific UF's (x,y,z) localization across a series of UF's [i...n] which nevertheless do *not exceed* the threshold of Planck's constant per each number ("n") of frames (e.g., thereby providing "G-d's Physics" New Paradigm's computational definition of "space" as "Frame-consistent" UF's measure!

Conversely, the "energy" of any given "object" (e.g., whether it is the spatial dimensions of an object or event or whether it relates to the spatial location of an object) is computed based on the event or whether it relates to the spatial location of an object) is computed based on "Frame-inconsistent" differences of a given "object's" location or size across a series of UF's, divided by the speed of light ("c") multiplied by the number of UF's across which the "object's" energy value is computed by the UCP:

$$E: (f_i\{x,y,z\}[UF(i)] - \dots - f_j\{x,y,z\}[UF(n)]) / c * n \{UF's\}$$

such that:

$$f_j\{x,y,z\}[UF(n)] > f_i\{x+(h*n), y+(h*n), z+(h*n)\} [UF's(i \dots n)]$$

wherein the energetic value of a given object, event etc. is computed based on the subtraction of that object's UF's (universal pixels' Coordinate System's location) across a series of UF's, divided by the speed of light multiplied by the number of UF's.

In contrast, the computational definition of "mass" of any given "object" is computed by the UCP based on the number of times an "object" is presented "consistently" across a series of UF's, divided by Planck's constant (e.g., representing the minimal degree of inter-frame's changes):

$$M: \sum [O_i\{o-x,o-y,o-z\} [UF(n)] = O(i \dots n\{o-x,o-y,o-z\} \{UF(i \dots n)\} / h * n\{UF's(i \dots n)\}$$

where the UCP's computational measure of the "mass" value of any given object is computed based on the number of times in which the "Object-consistent" "internal" {o-x,o-y,o-z} values across a given series of UF's frames remains constant (e.g., identical):

such that:

$$M: [O_i\{x,y,z\}UF's(i)] - O_n\{x,y,z\}UF's(i \dots n)] \leq n * h [\{UF's(i \dots n)\}$$

Wherein the UCP's computational measure of "mass" represents its computation of the number of UF's frame/s in which the "Object-consistent" internal values cannot exceed a minimal increase based on a multiplication of the number of UF's frames by Planck's constant value.

In contrast, the UCP's computational measure of the "time" value is based on the number of instances that a given object has "changed" – relative to the speed of light in terms of its "Object-inconsistent" "internal" {o-x,o-y,o-z} values, across a given series of UF's frames changes:

$$T: \sum [O_i\{o-x,o-y,o-z\} [UF(n)] \neq O(i \dots n\{o-x,o-y,o-z\} \{UF(i \dots n)\} / c * n\{UF's(i \dots n)\}$$

such that:

$$T: [O_i\{x,y,z\}UF's(i)] - O_n\{x,y,z\}UF's(i \dots n)] \leq c * h [\{UF's(i \dots n)\}$$

Wherein the "temporal" value of any given UCP's computational measure of "time" represents its computation of the number of UF's frame/s in which the "Object-consistent" internal values cannot exceed a minimal increase based on a multiplication of the number of UF's frames by the speed of light.

Significantly, it has been previously shown that this novel UCF possesses two equivalent "Relativistic Format" and "Quantum Format" which indicate that it embeds (within it) "special-cases" of well-known physical laws and characteristics of GRT such as the "Energy-Mass Equivalence" ("E = Mc²") and QM's "Heisenberg's Uncertainty Principle's" "complimentary pairs"; thereby pointing at "G-D's Physics" New Scientific Paradigm's complete unification- embedding- and indeed transcending- of GRT & QM!

However, since one of the key Theoretical Postulates of "G-D's Physics" New Scientific Paradigm is the UCP's simultaneous computation of all exhaustive spatial pixels for each consecutive UF's frame/s (and the complete "dissolution" of the whole universe including all of these exhaustive spatial pixels – "in-between" any two such consecutive UF's frames; therefore, the New "G-D's Physics" Paradigm has been characterized as an "A-Causal Computation" Paradigm! This is because due to the UCP's simultaneous computation of all exhaustive spatial pixels in the universe (for each consecutive UF's frame/s) and its complete "dissolution" "in-between" any two such consecutive UF's frames (e.g., back into the UCP's singular existence), there

cannot exist any (direct or indirect) "material-causal" physical interaction/s between any two (or more) exhaustive spatial pixels existing in the same- or different- UF's frame/s!

In fact, due to the only "transient" and "phenomenal" existence of any exhaustive spatial pixel in the universe, e.g., which exists only "during" the UCP's production of every consecutive UF's frame/s, but "ceases to exist" and "dissolves" back into the singularity of the UCP "in-between" any two subsequent UF's frames, two additional profound Theoretical Postulates of "G-D's Physics" New Paradigm, termed: the "Computational Invariance Principle" and associated "Universal Consciousness Reality" postulate: a) That the only "computationally-invariant" principle in the universe which exists both "during" the UCP's successive computation of each subsequent UF's frame/s, and solely exists (without the presence of any physical universe) is this singular higher-ordered "Universal Computational/Consciousness Principle" (UCP); as opposed to the only "transient-phenomenal" appearance of the entire physical universe – regarded as "computationally-variant", e.g., existing only "during" each consecutive UF's frame/s (as solely computed or produced by this singular UCP) but "dissolving" back into the UCP "in-between" any two consecutive UF's frame/s; b) Therefore, there only exists one singular (higher-ordered) "Universal Consciousness Reality" (UCR) which exists uniformly, continuously and constantly – both "during" its manifestation as the physical universe (for each consecutive UF's frame/s), and also exists singularly "in-between" any two consecutive UF's frame/s (without the presence of any physical universe)!

Viewed from this new (higher, more exhaustive) perspective of this New "G-D's Physics" Scientific Paradigm, a series of additional (profound) associated Theoretical Postulates have been discovered, including: c) The "Reversed-Time Geulah Goal" Postulate: hypothesizing that since there cannot exist any "material-causal" physical interaction/s between any two (or more) exhaustive spatial pixels existing in the same- or different- UF's frame/s, the only manner in which this series of UF's frames (comprising the entire physical universe) could "evolve" is based on this singular higher-ordered UCP's "pre-planning" of the entire evolution- (or manifestation-) of the whole universe from "inanimate matter" through "animate": "plants, animals and human-beings from the "Ultimate Perfected Geulah State" "backwards", i.e., based on the UCP's "pre-planning" of the whole evolution of all "inanimate" and "animate" forms leading up to this "Ultimate Perfected Geulah State"! A Metaphor regarding "King Solomon's" build-up of the Divine Temple was utilized to explain this "Reversed-Time Geulah Goal" Postulate: that is, in the same way that King Solomon must have received a completed "Perfected Blue-Print Plan" of the "Ultimate Completed Temple State" (e.g., and all of the necessary "steps" required to reach this "Ultimate Completed Temple State" – prior to his various builders starting to construct this immaculate Divine Temple, so it is postulated that the UCP/UCR must have "pre-planned" the whole evolution of the entire physical universe from its initial "inanimate matter", "animate": plants, animals and human-beings from the "Ultimate Perfected Geulah State" "backwards" – through the entire evolution from "inanimate" matter through

"animate": plants, animals and human-beings, ultimately leading to that "Ultimate Perfected Geulah State", i.e., in which Science and the whole of Humanity will recognize the singular existence of this higher-ordered UCR, alongside the recognition of its basic characteristics of "All-Goodness", "Morality", "Peace" and "Harmony" etc. (previously delineated).

A Brief Summary of "G-D's Physics" additional Theoretical Postulates is outlined (in order to provide an exhaustive summary of "G-D's Physics" New Scientific Paradigm):

The UCP's Three Computational Dimensions

Indeed, the New "G-d's Physics" Paradigm offers a new (and exciting) theoretical explanation for the manner in which this singular higher-ordered UCP simultaneously computes the four basic physical features of "space" and "energy", "mass" and "time" – based on two out of its three hypothesized "Computational Dimensions", e.g., "Framework" ("frame" vs. "object") and "Consistency" ("consistent" vs. "inconsistent"); According to "G-d's Physics" New Paradigm, the UCP simultaneously computes for every exhaustive spatial pixel comprising the entire physical universe these four basic physical features based on particular computational combinations, e.g., an "Object" – "consistent" or "inconsistent" computation derives the two (corresponding) physical features of "mass" and "time", whereas the UCP's computation of any given object's "Frame" – "consistent" or "inconsistent" values yields its "space" and "energy" characteristics!

The Universal Consciousness Reality's (UCR) "Ten-Hierarchical Computational Dimensions":

1) The UCR's "Wisdom/Free-Will" Hierarchical Computational Dimension ("חכמה"):

The UCP's first (initial highest) Hierarchical Computational Dimension is termed: the UCP's "Wisdom/Free-Will" which relates to the UCP's complete "Free-Will" in its computation and "laws" pertaining to the successive computation- "dissolution" re-computation- and evolution- of every exhaustive spatial pixel in the universe (e.g., since it is not bound by any "material-causal" physical interactions and it possesses Infinite Wisdom); Indeed, this initial UCR's "Free-Will/Wisdom" Hierarchical Computational Dimension is characterized by a "Free-Will/Wisdom" of the UCR's initial conception of the creation of an apparently "separate" and "independent" physical universe – which seems to exist "independently" of the UCR's sole creation, sustenance and evolution of it(!?), but which will nevertheless evolve into the ultimate "Goal" of creating Human-Beings possessing the most "expansive" form of Consciousness that will recognize and appreciate the sole existence and "All-Goodwill" characteristics of this singular higher-ordered UCR! It represents the UCP's initial impetus and Wisdom's conception of the possibility of creating an apparently "independent" physical universe (e.g., from its true sole "Universal Consciousness Reality's" sustenance of it) that will "evolve" the most "expansive" form of Human Consciousness leading to a recognition and appreciation of the singularity of this UCR's "Infinite Wisdom", "All-Goodness" characteristics!

2) The UCP's "All-Goodness/Computation" Hierarchical Dimension ("הניב")

The UCP's secondary Hierarchical Computational Dimension of "All-Goodness/Computation" (הניב) regards the further development of the UCR's "Hierarchical Computational Plan" execution of this initial "Free-Will/Wisdom" general conception of the creation of an apparently "independent" physical universe that evolves into Humanity's ultimate "Geulah" State of recognizing, appreciating and living in accordance with this singular UCR's "All-Goodness" characteristics: This secondary "All-Goodness/Computation" Hierarchical Dimension conceives of the UCP's principle computation of each and every exhaustive spatial pixel – possessing the four basic physical features of "space" and "energy", "mass" and "time", which allows for the creation of apparently "independent" "living-organisms", e.g., each possessing varying degrees of "awareness" or "Consciousness", and existing apparently "independent" of their true- sole- source of the Universal Consciousness Reality! Indeed, it is this apparent "independence" of every Biological form (e.g., plants, animals and human-beings) from the singular "Universal Consciousness Reality" (UCR) which manifests the UCR's "All-Goodness" benevolent characteristic, since it sustains all of Life – continuously creating- "dissolving"- re-creating- and evolving every living form throughout its life-cycle, as well as produces ever more "expansive" form of Consciousness (e.g., leading up to human-beings, as further delineated in the third Hierarchical Computational Dimension, below):

3) The UCR's "Reversed-Time Geulah Goal" Hierarchical Computational Dimension ("Daat"/ תעד)

The UCR's fourth Hierarchical Computational Dimension is termed: the "Reversed-Time 'Geulah' Goal" which describes (for the first time in the UCR's successive hierarchical manifestation of the physical universe) the UCR's full-complete "Blueprint Architectural Hierarchical Plan" for creating and "evolving" the entire physical universe in order to create- progressively more "expansive" forms of Consciousness, i.e., from "inanimate", "animate": plants, animals, human-beings and up to the "Ultimate Geulah Goal" of Humanity's (and Science's) recognition of the sole and singular reality of the Universal Consciousness Reality (UCR); It describes the UCR's entire Hierarchical Computational Plan for evolving and manifesting increasingly more "expansive" forms of this singular UCR – e.g., from inanimate "matter", through "animate": plants, animals, human-beings and up to the most "expansive" form of "Collective Human Consciousness" recognizing and leading a "Perfected: Moral, Spiritual & Physical State": in which Humanity recognizes the singularity of this "Universal Consciousness Reality" (UCR) including the basic ,

"Dynamic-Equilibrium Moral Principle" which compels human-beings and Humanity as a whole to lead a Moral, Harmonious & Peaceful Human Existence. It is termed "Daat" (תעד) in the Jewish Chassidic-Kabbalah tradition because it signifies the UCR's "Knowledge" or "Plan" for the entire evolution of the physical universe – leading to the UCR's "Ultimate Geulah Goal"! Indeed, this fourth Hierarchical Computational "Reversed-Time Geulah Goal" Dimension offers a new profound insight into the UCR's overall "pre-planned successive evolu-

tion" of the entire physical universe – "conceived" of and "pre-planned" from the Ultimate "Geulah -Goal" in a "reversed direction" through all "past"- "present" and (multiple possible) "future/s" (based on every Individual Human Consciousness' Moral Choice/s made at each point in time, as will be described in the "Dynamic-Equilibrium Moral Principle" Hierarchical Computational Dimension)! Just as an Architect constructing a complex and elaborate building will pre-plan all of the details of this complex and beautiful building in an Architectural "Blue-Print", e.g., including all of the details regarding the necessary "construction-steps" to attain the desired "end-goal" of the full Elaborate Complex Building, so it is suggested the UCR also "pre-planned" all of the necessary "past", "present" and (multiple possible) "future/s" of all the Universal Frames depicting the evolution of the entire physical universe in order to evolve the progressive ("inanimate" and "animate": plants, animals and human-beings) forms of Consciousness leading to the Ultimate "Geulah -Goal" of Humanity (and Science)! Hence, the fourth "Reversed-Time Geulah Goal" Hierarchical Computational Dimension ("Daat"/ תעד) signifies the UCR's complete "Knowledge" or "Plan" for evolving the entire physical universe – from inanimate matter through animate: plants, animals and human-beings towards the Perfected "Geulah Goal State", and it is computed and "corrected" to reach this Perfected "Geulah -State" through a continuous "adjustment" process of the UCR based on its later "Dynamic-Equilibrium Moral Principle" and closely associated "UCR's Multi Spatial-Temporal Reservoir" (as listed below).

4) The fourth "Dynamic-Equilibrium Moral Principle" Hierarchical Computational Dimension ("דסק"/ Chessed)

this "Dynamic-Equilibrium Moral Principle" relates to the actual execution of the UCR's fourth "Reversed-Time Geulah -Goal" Hierarchical Computational Dimension, i.e., based on a Compassionate ("Chessed/דסק") Moral Principle which allows every human-being to "correct" any of his or her "Immoral Action/s" through the UCR's computation of an equivalent "future" corresponding to any such "immoral action", which would allow that "offending human-being" to experience the same kind (and degree) of pain/suffering that he/she inflicted upon another Individual Human-Being, so that the "offending" person could make a sincere "Teshuva" (termed so in the Jewish Tradition) signifying a sincere remorse and accompanying conscious choice not to repeat any such "immoral-action/s" in the future! Since we've seen that the whole Goal of the UCR's evolution of the entire physical universe is solely towards reaching that "Perfected Geulah State" in which all human-beings (and Humanity more generally) would recognize the Oneness, Morality and Peace characterizing the singular "Universal Consciousness Reality" (UCR) and lead a Moral, Peaceful and Harmonious life, therefore the means for reaching this end Goal of "Geulah" may be attained through the (fourth)

"Dynamic-Equilibrium Moral Principle" Hierarchical Dimension – which produces a "moral correction-mechanism" allowing every individual human-being (and Humanity as a whole) to "perfect" its moral behavior and awareness this through this "Dynamic-Equilibrium Moral Principle"! A "Trampoline Metaphor" has been utilized which tries to demonstrate the "cor-

rection-dynamics" of this UCR's Dynamic-Equilibrium mechanism: A scenario in which a Trampoline Sheath is placed with a "Metal-Bar" connecting two particular "points" on its surface, such that when one of these particular "point" "decides" to "inflict-pain/suffering" upon the other "point" by pressing the "Metal-Bar" against that other point, we realize that "automatically" the "suffering point" will "push-back" the same "Metal-Bar" against the initially "aggressive-point" to "balance" the Trampoline-Sheath back to its original "resting state"

This "Trampoline Metaphor" has been utilized to explain the "UCR's Dynamic-Equilibrium Moral Principle" which constantly and continuously strives to restore the "Oneness", "Peace" and "Harmony" characterizing the UCR's basic nature, e.g., to "correct" for any "moral-imbalance" created by any single one Individual Human Consciousness (person) deciding any "immoral-choice" against another given individual which brings about a "balancing-act" of the UCR creating an equivalent situation in which that "inflicting-pain/suffering" individual would have to experience him/herself the same degree and kind of pain/suffering that he/she inflicted upon the other individual, in order to realize the "inseparability" and "Oneness" of the UCR underlying both Human Consciousness...

5) The Fifth UCR's "Multi Spatial-Temporal Reservoir" Hierarchical Computational Dimension ("Gevorah"/"הגבורה")

denotes the UCR's actual translation of the fourth "Dynamic-Equilibrium Moral Principle" into a computation of all "past", "present" and "multiple possible future/s" for each Individual human-being for every moral choice that he/she makes at any given point in time! In other words, the UCR simultaneously computes for all human-beings in the world one of multiple possible "future/s" based on each of these individual human-beings' "moral/immoral choice/s", geared towards executing the above mentioned "Dynamic-Equilibrium Moral Principle" on order to "teach" or "correct" each individual human-being's moral choice/s and realization of the underlying singular "Oneness" of the UCR comprising all individual human beings and more generally the entire physical universe (including all of its "inanimate" and "animate" forms); This steers Humanity and the entire world towards the realization of the Ultimate "Geulah -Goal" State aimed for by the singular higher-ordered UCR reality!

6) The UCR's "Collective Human Consciousness Focus" Hierarchical Computational Dimension ("Tiferet"/"תורה")

the sixth "Collective Human Consciousness Focus Hypothesis" Hierarchical Computational Dimension postulates that the actual manifestation of the entire physical universe critically depends upon the UCR's close relationship with a "Collective Human Consciousness Focus" aimed towards that UCR! In other words, according to "G-d's Physics" New 21st century Paradigm, the UCR's actual computation of all past- present and "multiple possible future/s" Universal Frames (UF's) constituting each consecutive Year's (time-frame) critically depends upon the "Collective Human Consciousness Focus", in which Millions of individual human-beings simultaneously focus on this singular higher-ordered UCR during a "special time-interval", i.e., such as at the Jewish "Rosh-Hashana" New Year two-days' time-interval in which Millions of Jews focus collectively upon this singular higher-ordered UCR!

This sixth Hierarchical Computational "Collective Human Consciousness Focus" instigates the UCR's computation of an entire New Year derived from the (fifth) UCR's "Multi Spatial-Temporal Reservoir" – allowing for the entire physical universe development for an entire New Year, based on the already determined "past", "present" and "multiple possible future/s" for each individual human -being for the entire New Year! One of the direct empirical ramifications of this sixth "UCR's Collective Human Consciousness Focus Hierarchical Computational Dimension" correlated with one of the (two) unique "Critical-Predictions" differentiating the New "G-d's Physics" Paradigm from the corresponding predictions of both Relativity Theory and Quantum Mechanics, i.e., relating to "G-d's Physics" prediction that during the "special-time" of such a "Collective Human Consciousness Focus" taking place every Jewish New-Year's "Rosh-Hashana" two days interval (e.g., this year occurring at : Sep. 7th & 8th , 2021) there will be a "Non-Continuous Accelerated Expansion" of the entire physical universe!

This is due to "Collective Human Consciousness Focus (sixth) Hierarchical Computational Dimension's assertion wherein such a 'Collective Human Consciousness Focus', wherein Millions of Jews (all around the world) collectively focus on- and pray towards- this singular higher-ordered UCR, which is assumed to bring about the UCR's computation of all of the "past", "present" and "multiple possible future/s" UF's for all individual human beings – as well as the accelerated new expansion rate for the entire physical universe for the subsequent New Jewish Year! Alongside the previous (third) " Reversed-Time Geulah Goal Hierarchical Computational Dimension's" realization that the UCR "pre-plans" the entire evolution of the universe including its evolution from "inanimate" matter through "animate": plants, animals and human-beings all leading towards the Ultimate "Geulah Goal" of Human Moral and Spiritual Perfection and recognition of the singularity and "All-Goodness" nature of this UCR, we can understand that the UCR opts to compute an entire "New (Jewish) Year" in response to the "Collective Human Consciousness

Focus Hierarchical Dimension – which manifests also in the "Non-Continuous Accelerated Expansion of the Universe" during the Jewish "Rosh-Hashanah" two days' special "Collective Human Consciousness Focus"! Obviously, as will be elaborated below, to the extent that this unique "Critical Prediction" of the New "G-d's Physics" Paradigm will be validated empirically, then this will lead to the acceptance of the New "G-d's Physics" Paradigm as the New Paradigm for 21st century Theoretical Physics, since it negates the existence of "Dark-Matter" and "Dark-Energy" and significantly differs from the corresponding predictions of both RT & QM, representing the Old "Material-Causal" Paradigm of 20th century Physics! The Jewish Chassidic-Kabbalah symbol given to this sixth "Collective Human Consciousness Hierarchical Computational Dimension" is "תורה/Tiferet" which translates as "Glorification" because it signifies such "Collective Human Consciousness Focus" Glorification- or focus on- and prayer towards- this singular, higher-ordered UCR.

7)The Seventh "Computed Object Potential Values Hierarchical Computational Dimension" ("הצני"/"Netzach"/"Eternal")

signifies the UCR's actual simultaneous computation of all of the two "Object – "consistent" (mass) and "inconsistent" (time) values for all objects comprising the entire physical universe for each single UF frame, based on all of the previous (above mentioned) Hierarchical Computational Dimensions; it represents the beginning of the actual manifestation of any single UF's frame portrayal of the entire physical universe, which fulfills and advances the UCR's "Reversed-Time Geulah Goal" Dimension, and furthers the "UCR's Collective Human Consciousness Focus" computation of an entire New Year's ("past", "present" and "multiple future/s") UF's frames – now being executed for each single UF's frame's constitution of all comprising object's (mass and time) values! It is also represented by the Jewish Chassidic-Kabballah symbol of "הצני" "Eternal" or "Victory" because the UCR's actual computation of any single UF frame's comprising Object's (mass and time) values all constituting objects indeed signifies the advancement of the UCR's "Reversed Time Geulah Goal Hierarchical Computational Dimension", which represents the "Eternal" or Ultimate "Geulah -State" of the world.

8)The "Teshuva"("הבושה")/"דוה"/"Hod"/"Forgiveness" Eighth Hierarchical Computational Dimension

Signifies the UCR's allowance for a "Teshuva"/ "repentance" of every individual human-being prior to the actual execution of the seventh "Computed Object Potential Values Hierarchical Computational Dimension" ("הצני"/"Netzach"/"Eternal" – wherein if any individual person chooses to ask "forgiveness" from the other person upon which it inflicted pain or suffering as well as from the Universal Consciousness Reality (UCR) and makes a conscious resolute decision to not repeat any such wrongdoing moral action/s (which constitutes the Jewish term of "Teshuva"); in such case, the UCR's Eighth "Teshuva" Hierarchical Computational Dimension will re-compute and in fact alter the already selected Seventh "Computed Object Potential Values Hierarchical Computational Dimension" ("הצני"/"Netzach"/"Eternal") values computed for that individual human-being's computed immediate pending "future" UF, i.e., replacing the "correcting" equivalent UF frame in which this "offending" individual would have to experience an "equivalent" painful experience (to the one experienced by the person offended by the "immoral choice" made by him/her) with a "positive" immediate future UF frame – based on the fact that that individual human-being already made "Teshuva" (sincere repentance and resolute decision not to repeat any such "immoral" action/s!) It is represented by the Jewish Chassidic-Kabbalah term of "דוה"/"Hod" which can be translated as "Magnanimity" because it portrays the UCR's magnanimous "forgiveness" capacity to allow for any individual human-being to make a sincere "Teshuva", thereby altering the whole evolution of the universe, based on the "corrected" moral choices of all of its individual human-beings; Indeed, it is a magnanimous UCR that allows for Humanity's "partnership" and "active role" in advancing its Ultimate "Geulah -Goal" State, at every point in time...

9)The Ninth UCR's "Actual Computed Object Values Hierarchical Computational Dimension" ("דוסי"/"Yesod" ("Foundation"))

Signifies the UCR's actually computed values for all of the objects in the universe for each consecutive UF's frame/s which is based on all previous Hierarchical Computational Dimensions! It is therefore represented by the Jewish Chassidic-Kabballah term of "דוסי"/"Yessod" or "Foundation" the UCR's actual computed Object (mass/time) values of all constituting objects in the universe for each consecutive UF's frame! Note, however, that this "דוסי"/"Foundation" Ninth Hierarchical Computational Dimension does not (yet) contain the two other essential UCP's "Frame" – "consistent" (space) and "inconsistent" (energy) physical features which are necessary to execute and actual UF's frame of the universe at any minimal time-point, which is computed by the Tenth Hierarchical Computational Dimension; This also correlates to the fact that the UCR's integral and essential (forth) "Dynamic-Equilibrium Moral Principle's" Hierarchical Computational Dimension's "moral-balancing" characteristic of the UCR's continuous and constant advancement of the universe (and Humanity) towards the Ultimate "Geulah -Goal" Perfected Moral and Spiritual State necessarily involves the UCR's computation of "pairs" of "offending-offended" individual human-beings, which would have to experience the equivalent "corrected" Moral State, e.g., involving their "placement" within the same UF's frame/s (once again, computed by the UCR's Tenth "Ten Hierarchical Computational Dimensions' Universal Computational Formula"/"תוכלמ"/"Kingdom" Hierarchical Computational Dimension, below:)

10)The "Ten Hierarchical Computational Dimensions' Universal Computational Formula"/"תוכלמ"/"Malchut" (Kingdom) Hierarchical Computational Dimension ("רתכ"/"Keter-Infinitude ("Crown"))

This tenth concluding Hierarchical Computational Dimension signifies the UCR's actual computation of each consecutive Universal Frame (UF), including all of its four basic physical features of "Object" – "consistent" (mass) and "inconsistent" (time), and "Frame" – "consistent" (space) and "inconsistent" (energy) for every exhaustive spatial pixel comprising the entire universe (for each minimal time-point UF's frame/s)! It consumes all of the previous Hierarchical Computational Dimensions as comprising any single consecutive UF's frame/s, thereby executing and "building" the "Kingdom" of the UCR's series of UF's inevitably leading to Its "Ultimate Geulah -Goal" Perfected State of the world and the universe! This includes the full integration of the previous (ninth) "דוסי"/"Yessod"- "Foundation" Hierarchical Computational Dimension' comprising only the two "Object" – "consistent" (mass) and "inconsistent" (time) physical features associated with every exhaustive object comprising the entire physical universe, together with the two other "Frame" – "consistent" (space) and "inconsistent" (energy) physical features that are necessary in order to create any single (consecutive) UF's frame!

11) It also necessitates the direct involvement and "power" of the Infinite UCR's Essence (or "רתכ" / "Crown")

as it is called in the Jewish Chassidic-Kabballah Tradition which (as it were) "stands alone" in its infinitude – beyond the four

basic physical features of "space", "energy", "mass" and "time", i.e., Prior to its manifesting of the entire physical universe through its associated "Ten Hierarchical Computational Dimensions"! Indeed, as can be glanced from this "Ten Hierarchical Computational Dimensions Universal Computational Formula" (below), the direct "involvement" of this "רתכ"/"Keter" – Infinitude ("Crown") Essence of the UCR is seen both "prior to" and "above" the UCR's Ten Hierarchical Computational Dimensions ("standing alone" as the "רתכ"/"Keter"-Crown" of these Ten Di-

mensions) and is also apparent in the "Ten Hierarchical Computational Dimensions Universal Computational Formula" – in the "Ten Hierarchical Computational Dimensions' Universal Computational Formula"/"תוכלמ"/"Malchut" (Kingdom) Hierarchical Computational Dimension ("רתכ"/"Keter-Infinitude ("Crown")); This is because in order to manifest, integrate and compute the entire physical universe simultaneously – at the incredible rate of " c^2/h " = 1.36^{-50} (sec') for each exhaustive spatial pixel it necessitates the Infinite Wisdom and Essence of the UCR!

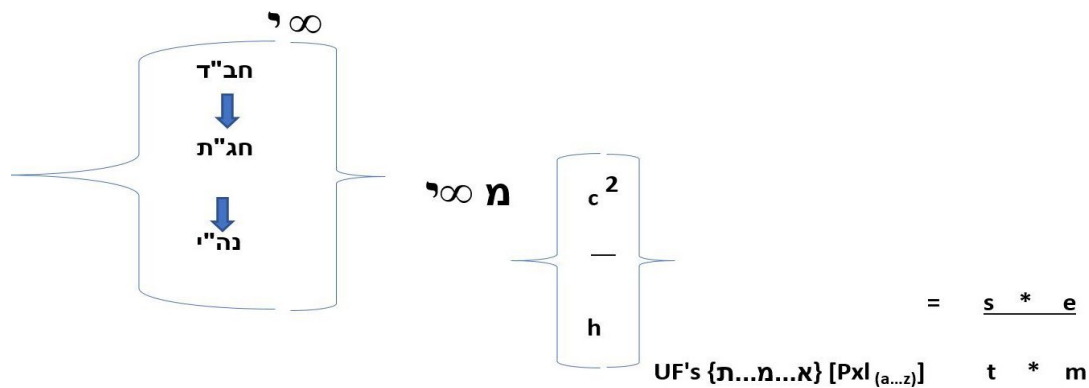

Figure 1: The Ten Hierarchical Dimensions' Universal Computational Formula (Thd-Ucf)

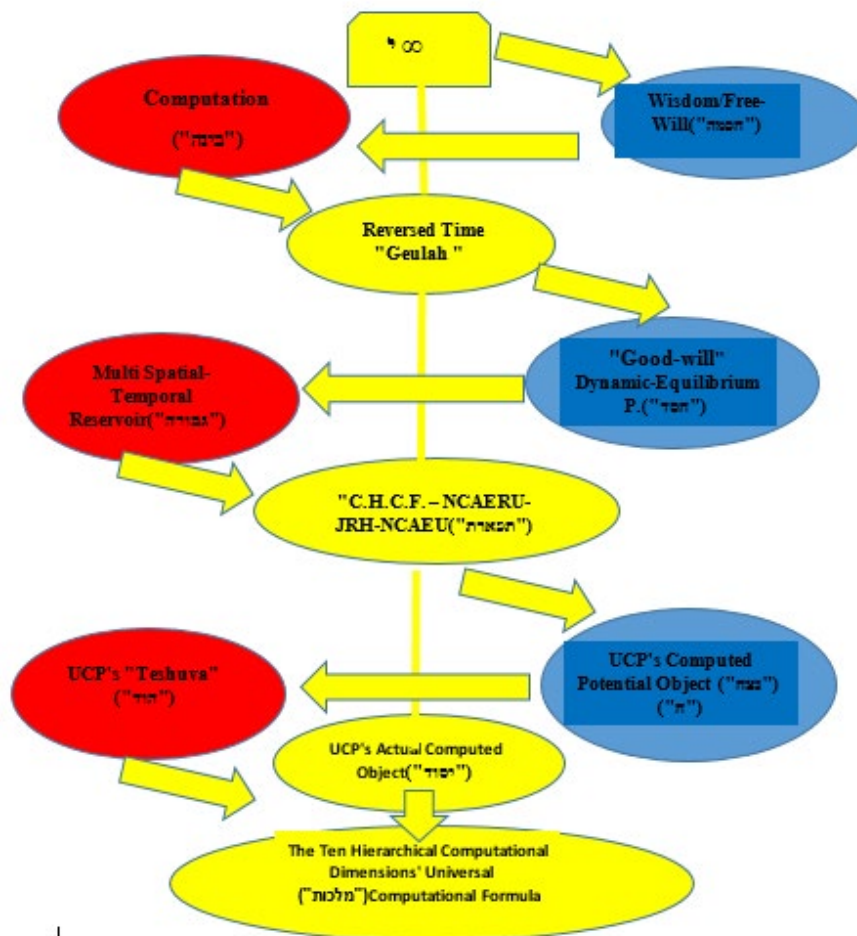

Figure 2: The "UCR's Ten Hierarchical Computational Dimensions" Diagram

Method & Results

In order to directly contrast between the New "G-d's Physics" (CUFT) Paradigm and the corresponding predictions of the Old "Material-Causal" Paradigm, "G-d's Physics" identified a unique "Critical-Prediction" stemming from its new "computational definitions" of the four basic physical features of "space", "energy", "mass" and "time" – based on the UCP's singular higher-ordered two "Computational Dimensions" of "Framework" (frame/object) and "Consistency" (consistent/inconsistent): According to this new UCP's Computational Dimensions definition of the "mass" of any given particle as an "object-consistent" computational measure:

$$M: \sum [O_i \{o-x, o-y, o-z\} \text{ [UF}(n)] = O(i \dots n \{o-x, o-y, o-z\} \{UF(i \dots n)\} / h * n \{UF's(i \dots n)\})$$

where the UCP's computational measure of the "mass" value of any given object is computed based on the number of times in which the "Object-consistent" "internal" $\{o-x, o-y, o-z\}$ values across a given series of UF's frames remains constant (e.g., identical):

such that:

$$M: [O_i \{x, y, z\} UF's(i)] - O_n \{x, y, z\} UF's(i \dots n) \leq n * h [\{UF's(i \dots n)\}]$$

Wherein the UCP's computational measure of "mass" represents its computation of the number of UF's frame/s in which the "Object-consistent" internal values cannot exceed a minimal increase based on a multiplication of the number of UF's frames by Planck's constant value.

"G-d's Physics" unique "Critical-Prediction" predicts that relatively "more-massive" particles such as the (negatively charged) "Muon" would be measured as more "spatially-consistent" than an equivalently (negatively charged) "electron" particle! This unique "G-d's Physics" "Critical-Prediction" was de-facto tested by the "Proton-Radius Puzzle" associated experiments conducted by Pohl et al. (2010):

The "Proton-Radius Puzzle" Confirms "G-D's Physics" Critical Prediction

Pohl et al. (2010) set to measure the radius of a Hydrogen Proton – contrasting between the Standard Hydrogen surrounded by the (negatively charged) electron, and a "Muonic Hydrogen" in which its electron was replaced by a much more massive (negatively charged) "Muon" particle; Surprisingly, they found that the Proton radius was greatly decreased in the Muonic-Hydrogen, than in the Standard Hydrogen – which they termed as the "Proton-Radius Puzzle", because it could not be satisfactorily accounted for by Relativistic or Quantum Models?!

In contrast, these findings conform and validate the unique "Critical-Prediction" of the New "G-d's Physics" Paradigm stemming from its abovementioned new UCP's computational definition of the "mass" of any given subatomic particle:

$$M: \sum [O_i \{o-x, o-y, o-z\} \text{ [UF}(n)] = O(i \dots n \{o-x, o-y, o-z\} \{UF(i \dots n)\} / h * n \{UF's(i \dots n)\})$$

where the UCP's computational measure of the "mass" value of any given object is computed based on the number of times in which the "Object-consistent" "internal" $\{o-x, o-y, o-z\}$ values across a given series of UF's frames remains constant (e.g., identical).

This is because according to the New "G-d's Physics" UCP's computational definition of the "mass" value of any given subatomic particle, a more massive a particle possesses more "spatially-consistent" physical features – therefore predicting the "Critical-Prediction" of the relatively "more-massive" Muonic Hydrogen Proton possessing a more "spatially-consistent", i.e., smaller and more accurate, than the relatively "less-massive" electron-associated Standard Hydrogen Proton measurements!

Noteworthy is the fact that this unique "Critical Prediction" of the New "G-d's Physics" Paradigm regarding the more "spatially-consistent" measurements of the relatively more massive "Muon-Hydrogen" as opposed to the relatively less-massive "electron-Hydrogen" – could not be accounted for by the Old "Material-Causal" Paradigm of RT & QM (e.g., despite various attempts to explain this "Proton-Radius Puzzle" findings: the "three-body force" (Karr & Hilico, 2012), interactions between gravity and the weak force, or a flavour-dependent interaction, (Onofrio, 2013; Zyga, 2013), higher dimension gravity, (Dahia, & Lemos,, 2016), a new boson, (McKeen & Miller, 2016) and the quasi-free hypothesis $\pi+$ (Lestone,2017); and therefore constitutes a direct empirical validation of this New "G-d's Physics" (CUFT) Paradigm!

The "Universe's Astronomical-Cosmological Accelerated Rate of Expansion Gap" (UACAREG) Confirms "G-D's Physics" "Universe's Non-Continuous Accelerated Rate of Expansion" (UNCARE)! Another means for testing a unique "Critical Prediction" of the New "G-D's Physics" "A-Causal Computation" Paradigm relates to the "Universe's Non-Continuous Accelerated Rate of Expansion" (UNCARE) due to the Collective Human Consciousness Focus (CHCF) associated with the two days' "Rosh-Hashanah" time-interval in which Millions of Jews are collectively focusing upon this singular higher-ordered UCR/UCP; In contrast to the Old "Material-Causal" Paradigm's GRT purely hypothetical "dark-matter" or "dark-energy" concepts' ensuing "constant-rate" of the universe's expansion acceleration – which should not increase with time! Based on the New "G-D's Physics" "Collective Human Consciousness Focus" which assumes that the accelerated rate of the universe's expansion undergoes a "Non-Continuous Accelerated Rate of Expansion", at the Jewish "Rosh-Hashanah" two days' special time-interval! An indirect empirical validation of this unique "Critical Prediction" of the New "G-D's Physics" Paradigm was already given based on the unexplained findings regarding the "Universe's Astronomical-Cosmological Accelerated Rate of Expansion Gap" (UACAREG)!

Empirically, a basic (unexplained) "gap" exists between the universe's measured initial Cosmic Microwave Background (CMB) measurement rate of expansion indices, e.g., of approximately 67 Kilometers per second per megaparsec – as opposed to 74 kilometers per second per megaparsec in later Astronomical mea-

sures of the universe's (contemporary) rate of expansion (Scolnic et al. 2014; Riess et al. 2018a, 2019; Shajib et al. 2020; Wong et al. 2020)?! This "Cosmological-Astronomical Accelerated Expansion Gap" (CAAEG) negates the Old "Material-Causal" Paradigm's assumption of the existence of (purely hypothetical) "dark-matter" and "dark-energy" concepts as "causing" the accelerated rate of the universe's expansion; because even if such (purely hypothetical) "dark-matter"/"dark-energy" concepts existed (e.g., which failed to be detected after two decades of experimentation), according to the New "G-d's Physics" "A-Causal Computation" Paradigm they could not interact (directly or indirectly) with any constituting element of the universe "causing" it to accelerate the rate of the universe's expansion! Therefore, they could not result in the observed CAAEG "Universe's Non-Continuous Accelerated Rate of Expansion" (UNCARE)!

Therefore, the abovementioned results unequivocally validate and support two unique "Critical Predictions" of the New "G-D's Physics" "A-Causal Computation" Scientific Paradigm – as more valid than the corresponding predictions of both GRT & QM: as indicated by the "Proton-Radius Puzzle" findings, and by the "Universe's Astronomical-Cosmological Accelerated Rate of Expansion Gap"! In this respect (as stated above), we now stand at an equivalent "historic juncture" to Eddington's 1919 Solar Eclipse empirical validation of Einstein's GRT's "Critical Prediction" regarding Mercury's double-valued Perihelion curvature around the Sun – which validated Einstein's GRT as more valid than the Older Newtonian Mechanics Paradigm! This is because the empirical validations of these two (abovementioned) "Critical Predictions" indicate that "G-D's Physics" New Scientific Paradigm is more valid and exhaustive than the Old "Material-Causal" Paradigm underlying GRT and QM, and in fact includes both of them as "special cases" within the broader, more exhaustive theoretical framework of "G-D's Physics" newly discovered Universal Computational Formula (UCF) (as outlined above).

Hence, to the extent that these two unique "Critical Predictions" of the New "G-D's Physics" Scientific Paradigm are empirically validated, then this will convince the Scientific Community that the New "G-D's Physics" has to be accepted as a satisfactory New Paradigm for 21st century Theoretical Physics! Based on such direct empirical validation of the New "G-D's Physics" Scientific Paradigm, a discussion ensues of the manner in which "G-D's Physics" newly discovered singular higher-ordered Universal Computational/Consciousness Principle" (UCP) is capable of computing every exhaustive spatial pixel or "object" (e.g., including "human-beings" as opposed to "non-human": "inanimate" material object/s, as well as "animate": plants and animals) – based on a further discovery of the UCP's "Gimateria" (i.e., Hebrew letters' numerical values) of each object's five "secondary-essential" "Hierarchical Computational Dimensions" (HCD's) of: "Chessed", "Gevurah", "Tiferet", "Neztach" & "Hod" (e.g., each of them comprising "ten zero's" out of the "fifty zero's" comprising the incredible rate of the UCP's computation of every exhaustive spatial pixel in the universe: " $c^2/h = 1.36 \cdot 10^{50}$ (sec')!)

As will be discussed, this entirely new conception of the manner in which this singular, higher-ordered UCP computes every exhaustive spatial pixel's "object" in the universe is "non-material", i.e., exemplifying the "translation" of the fundamental new "building-blocks" ("or "Atoms" – metaphorically) of the entire physical universe from the Hebrew letters' "Gimatria" (numerical values, also associated with these five "secondary-essential" HCD's corresponding "ten zero's") to the production of each ("human" or "non-human") object's unique physical characteristics! Indeed, it is shown that this novel manner in which the UCP is seen to compute the specific physical characteristics of each individual (unique "human" or "non-human") "object" is a part and parcel of the UCP's overall "Blueprint Plan" of steering the entire physical universe from its initial "inanimate" material composition through its "animate": "plants", "animals", human-beings – leading to the fulfillment of the UCP's "Ultimate Geulah Goal" of a "Moral", "Spiritual" and even "Physical" "Perfected" state of the universe in which the singularity of this "Universal Consciousness Reality" (UCR), e.g., characterized by "All-Goodness", "Morality", "Peace" and "Harmony" being recognized (and accepted) by Science and Humanity (more generally)!

Discussion

"G-D's Physics" New "Non-Material Gimatria Consistency Computation" (NMGCC):

We've now reached another "pivotal point" along the discovery and development of "G-D's Physics" New Scientific Paradigm's (entirely new) understanding of the true nature- origin- development- and (indeed) "Ultimate Geulah Goal" of the universe's entire creation and development! This new "pivotal-point" stems from "G-D's Physics" profound (new) understanding, wherein there cannot exist any (direct or indirect) "material-causal" physical relationship/s between any two (or more) exhaustive spatial pixels existing in any two consecutive UF's frames (e.g., due to the complete "dissolution" of the whole universe "in-between" any two such consecutive UF's frames, back into the singularity of this UCP) – so that the "non-continuous": "computation", "dissolution", "re-computation" and "development" of any exhaustive spatial pixel in the universe is understood to be completely dependent upon the UCP's computation of its four basic physical features of "space", "energy", "mass" and "time", as underlie by the UCP's Three (basic) "Computational Dimensions" of "Framework", "Consistency" (and "Locus")! As delineated previously the four basic (possible) combinations of two of these (three) "Computational Dimensions", e.g., "Framework" ("frame" or "object") and "Consistency" ("consistent" or "inconsistent") produce these four basic physical features:

A "Gimatria-Based Consistency Computation" of Objects!

Based on the discovery of the New "G-D's Physics" Scientific Paradigm, and its shown capacity to resolve the apparent "theoretical inconsistency" between GRT & QM, and more importantly, its empirical validation of two of its unique "Critical Predictions", as more valid than the corresponding predictions of both GRT & QM; we now reach another "pivotal point" along the development of this New "G-D's Physics" Paradigm of 21st century Theoretical Physics: Since the New "G-D's Physics" Paradigm stipulated an "A-Causal Computation" stemming from the dis-

covery of a singular higher-ordered “Universal Computational Principle” (UCP) which simultaneously computes every exhaustive spatial pixel in the universe, which points at the impossibility of the existence of any (direct or indirect) “material-causal” physical interaction between any two (or more) exhaustive spatial pixels, existing either in the same- or different UF’s frame/s, then this points at the need for this singular higher-ordered UCP to compute all exhaustive spatial pixels (comprising the entire physical universe) for each consecutive UF’s frame/s! However, thus far, the New “G-D’s Physics” Paradigm’s discovered “Ten Hierarchical Computational Dimensions’ Universal Computational Formula” (THCD-UCF) was only capable of explaining (in general terms) the UCP’s computation of the four basic physical features (e.g., of “space”, “energy”, “mass” and “time”) based on its stipulated two (out of three) “Computational Dimensions” (of “Consistency” and “Framework”) combinations! In other words, those four basic physical features are computed by this singular UCP as “Frame” – “consistent” (“space”) or “inconsistent” (“energy”), or as “Object” – “consistent” (“mass”) or “inconsistent” (“time”) computational measures of the degree of “consistency” or “inconsistency” of any given exhaustive spatial pixel’s “object” across a series of UF’s frames!

Moreover, the general (overall) conception of the origination-sustenance- and “Ultimate Goal” of the universe’s development by this singular UCP has given us an overall (good) overall understanding of the general framework for “G-D’s Physics” New scientific explanation of the universe’s existence and development; What’s still “missing” is a “minute-detailed” understanding of the manner in which this UCP “differentiates” between its computation of these four basic physical features for every individual “object”, i.e., “inanimate” or “animate”! The suggested new “Gimatria Consistency Computation” (GCC) “fills” this “gap” and offers a new conceptual explanation for the manner in which this UCP can compute those four basic physical features (e.g., as “differentiating” their values for any specific “inanimate” or “animate” object)! The basic assumption underlying this new “GCC” facet of “G-D’s Physics” THCD-UCF is that based on the (Hebrew) Alphabet’s “naming” of every such (“animate” or “inanimate”) object, the UCP computes those four (integrated) basic physical features, e.g., through the usage of the five (subsequent) HCD (following the initial three “General Plan” of the UCP’s origination and development of the physical universe, i.e., of “Wisdom”/“המכה”, “Computation”/“הגיב” & “Reversed Time Geulah Goal Consistency”/“תעד”!)

These five subsequent HCD comprise of: “Chessed”, “Gevorah”, “Tiferet”, “Neztach” & “Hod”, which are each stipulated to be comprised of the “ten total HCD’s ten “zero’s” minute temporal computation of the UCP – totaling the UCP’s overall rate of computation for each exhaustive spatial pixel (for each con-

secutive UF’s frame/s)! In other words, the manner in which the UCP can compute each and every exhaustive spatial pixel object’s four basic physical features is based on a combination of its unique “name” – according to its “Gimateria” computation, based on those “subsequent five” (“Chessed”, “Gevorah”, “Tiferet”, “Neztach” & “Hod” HCD) detailing of each of the given “name’s” (Hebrew) letters equivalent numeric value!

In other words, we obtain (e.g., for the first time in Theoretical Physics) a “Non-Material Gimateria Consistency Computation” (NMGCC) of every exhaustive spatial pixel in the universe! This new “G-D’s Physics” NMGCC conception of the manner in which the singular higher-ordered UCP is capable of computing each and every “object” in the physical universe – based on its “Gimateria” (Hebrew Letters’ numerical value) as representing the number of times that every exhaustive spatial pixel is presented across a certain series of UF’s frames! Since we’ve already seen, that the UCP computes the “mass” value of any given object as its computation of the number of times this object has been presented (as “spatially-consistent”) across a series of UF’s frames!

This means that the current discovery of “G-D’s Physics” New Paradigm’s “NMGCC” capability of the UCP to “translate” the given “Gimatria” numerical value of any given “object’s” (Hebrew) name into the UCP’s computation of the five “secondary-essential” Hierarchical Computational Dimensions (HCD): “Chessed”, “Gevorah”, “Tiferet”, “Neztach” & “Hod”, such that each of these HCD possesses all ten HCD’s corresponding to “ten zero’s” out of the “fifty zero’s” representing the rate of the UCP’s overall rate of UF’s computation, i.e., “c2/h” = 1.36-50 (sec)! This means for instance, that the Hebrew letters for the word “human-being” “אדם” comprise these three letters “א”, “ד”, “מ” which correspond to the “Gimatria” of “1-000000000” [1-10], “4-000000000” [11-20] & “40-000000000” [21-30] denoting the cumulative number of times that a “human-being” is presented across a series of UF’s frames – with a special significance for the corresponding unique Gimateria numerical value for each of those (potential) five “secondary-essential” HCD (“Chessed”, “Gevorah”, “Tiferet”, “Neztach” & “Hod”!) In other words, the specific (Hebrew) “Gimatria” for a “human-being” comprises a very unique and specific composition of three (out of the five) “secondary-essential” HCD: “Chessed”, “Gevorah” & “Tiferet”, with each one of them possessing a specific numerical value which can be translated to the UCP’s computation of a human-being’s “mass”, or in fact any other of the four (completely integrated) basic physical features (of “time”, “space” or “energy”), based on the earlier mentioned “Ten Hierarchical Computational Dimensions” – Universal Computational Formula” (THCD-UCF):

Figure 1: The Ten Hierarchical Dimensions' Universal Computational Formula (Thd-Ucf)

Noteworthy is the fact that we can perhaps “infer” some of these four basic physical features based on the specific HCD’s comprising each “object” – such as for instance, in the case of the UCP’s computation of the four basic physical features of a “human-being” based on his Hebrew names specific “Gimateria” (three initial) HCD’s numerical values, and understanding of the “corresponding” HCD’s key characteristics: for instance, the fact that “חָדָא” only possesses the three initial HCD’s of “Chessed”, “Gevurah” & “Tiferet” (but not the two subsequent “Neztach” & “Hod” HCD), indicating that the UCP’s computation of a “human-being” corresponding to the UCP characteristics of “Chessed”: its natural tendency to “give” or to “nurture” (and “grow”), “Gevurah”: the UCP’s tendency to “measure” and “limit” its “giving” and “nurturance”; & “Tiferet”: The UCP’s capacity to “balance” and “integrate” between these apparently “opposing” (“Chessed” & “Gevurah”) UCD (with a leaning towards the “Chessed” HCD in this “Tiferet” HCD)! More specifically, these three “Gimatria” Hebrew Letters’ specific numerical value also indicates the relative significance of each of these three (initial HCD: “Chessed”, “Gevurah” & “Tiferet”): Thus, for instance, the fact that amongst these three initial three HCD, it is primarily the “Tiferet” HCD which possesses the highest numerical value: “40-30” (sec’!) implies the UCP’s computation of a “human-being” is based upon the unique capacity of human-beings to “integrate” between the first letter of “א” associated with “Chessed”: characterized by the Hebrew first letter “א” – which also represents “G-D” (since the Hebrew word for “G-D” is “מִיקוּלָא” which begins with this same “א” (Alef) letter and which is characterized by : “Goodness”, “Giving”, “Spirituality” etc.; and the second letter of “ד” (which also stands for the Hebrew word for “blood” signifying the “human body” – such that this integration of the “physical bodily” element with the “Divine” (“Spiritual”) element is achieved and is also “leaning towards expressing” (more) the Divine element!

Interestingly, the Hebrew word for “Earth” or “soil” is very similar to Hebrew word for a “human-being” “הַמָּדָא” which has the addition of a fourth letter “ה” associated with the fourth “Secondary-essential” (five) “HCD’s”: " Netzach הַצַּנ which signifies the UCP’s capacity to “overcome any obstacle/s” for the fulfillment of its ultimate “Geulah Goal” of obtaining a “Perfected”: “Moral” & “Spiritual” state of Humanity and the

universe! This may imply that whereas a “human-being” is embedded with the characteristics of his ability to “integrate” and “uplift” his “bodily-material” nature with his “Divine” aspect, i.e., based on his given “Gevurah” and “Tiferet” HCD’s; in the case of the Hebrew word for “Earth”, the UCP adds the fourth HCD of “Netzach” which allows the “Earth” to serve as a “vehicle” to “manifest” and “overcome” any “obstacles” for the fulfillment of the UCP’s ultimate “Geulah Goal Perfected State” of Humanity and of the universe!

Another pertinent example of the significance of this (newly discovered) “G-D’s Physics” “Non-Material Gimateria Consistency Computation” (NMGCC) may be the Hebrew word for “G-D”: “מִיקוּלָא” which comprises all of those “five” “secondary-essential” HCD’s letters! Once again the first letter of the “Chessed” Dimension is “א” (Alef) which signifies not only the first letter of the Alphabet, but also represents “G-D”! The second letter is “ל” which represents the “Gevurah” HCD (“G-D’s” “fierce force” of “overcoming any obstacles”);”ה” 5” in “Gimatria”) for the third letter corresponding to the third “Tiferet” HCD signifying the UCP’s capacity to “integrate” the five HCD’s (as well as signifying the “third initial HCD’s of “Binah” or “Computation, i.e., the UCP’s capacity to organize, plan and compute the entire “Blue-Print Plan” of the whole development of the universe from its “inanimate” (initial) manifestation through “animate”: plants, animals and human-beings towards the “Ultimate Geulah Goal” Perfected state of the universe)! The fourth letter is “י” (“”) standing for the “Neztach” HCD which is the UCP’s ability to “overcome” and “triumph” over any “obstacles” in order to advance the whole universe towards its Ultimate “Geulah Goal Perfected” State!

This is significant, because the “Yud” letter also characterizes “G-D” (e.g., appearing as the first letter in G-D’s holy name), and possesses the “Gimatria” (10) representing the “Ten Hierarchical Computational Dimensions” (which points at the fact that the UCP’s capacity of “overcoming” and “obstacle/s” for the fulfillment of its Ultimate “Geulah-Goal Perfected State” of the universe stems from its THCD’s overall “Blueprint Plan” and its execution towards attaining this “Ultimate Perfected Geulah Goal”! The final (sixth) letter is “ח” for the fifth HCD of “Hod” which signifies (according to “G-D’s Physics THCD) the

UCP's enabling us as human-beings to do "Teshuva" (e.g., ask for "forgiveness" and "understanding" from "G-D", preceded by our conscious decision to "change our behavior" (for the better), and try our best not to "repeat" any "moral misdeeds"; This fifth "Hod" HCD also encompasses the aspect of us as human-beings recognizing the "Beauty", "Perfection" and "All-Goodness" of "G-D"!

So, we can see that the UCP's computation of every (possible) "object" (i.e., "inanimate" or "animate") is based upon its "Gimatria" of the Hebrew letters: e.g., which possess both significance in terms of the five "secondary-essential" Hierarchical Computational Dimensions (HCD's) to which they belong (according to their order: the first letter belonging to the "Chessed", second to "Gevurah" etc.) and their relative "Gimatria strength", e.g., both in terms of each Hebrew letter's "numerical value" and their associated HCD's value (i.e., "Chessed": from [1-10]; "Gevurah": from [11-20]. "Tiferet": from [21-30]. "Netzach": [31-40]. "Hod": from [41-50]) Hence, an emerging new facet of this new NMGCC discovery made by "G-D's Physics" is the transformation of these Hebrew letters' "Gimatria": e.g., "numerical value" of each letter, combined with its association with each of those respective five "secondary-essential" HCD's – as determining the number of times that this object will be presented across a series of UF's frames: which would determine its "mass" value(!) But, as we've seen, another (not less important) facet of this (newly discovered) NMGCC is the relative significance of each of the letters/specific HCD (based on its Gimatria & HCD's "zero's strength", as "glanced" from the above examples) pertaining to each object's (Hebrew) letters.

One more significant discovery associated with this (novel) NMGCC perspective on how the UCP (continuously and simultaneously) computes all exhaustive spatial pixels in the universe relates to those five "secondary-essential" HCD's differentiation between "human-beings", which possess a "free Moral Choice" and all other "inanimate and animate" forms which do not possess this "free Moral Choice"! This is due to the fact that the execution of those five "secondary-essential" HCD's depends on the UCP's "allowance" (and in fact "pre-planning") for human-beings to make those (precise) "free Moral Choice/s" as a part of its (overall) "Ultimate Geulah Goal", e.g., of "steering" Humanity (and the whole physical universe) towards that "Perfected Geulah State", in which all human-beings (and Humanity, as a whole) will recognize the "Oneness" of this singular "Universal Computational/Consciousness Principle" (or "Universal Consciousness Reality"), its innate characters of "Goodness", "Morality", "Peace" and "Harmony", and our "inseparability" from It (and from each other)!

Indeed, when we (closely) examine those five "secondary-essential" HCD's we can sense that they are all "centered" or "anchored" in the UCP's "Dynamic-Equilibrium Moral Principle" (DEMP), e.g., whose "sole-aim" is to "teach" us (human-beings) our "inseparability" from this singular (higher-ordered) UCP – through our "free Moral Choice"! Thus, the "first" amongst those five "secondary-essential" HCD's is "Chessed's" "Dynamic-Equilibrium Moral Principle" (DEMP)! This DEMP states that whenever any Individual human-being chooses an "Immoral

Choice", e.g., towards another Individual human-being, which causes "pain" or "suffering" ("G-d forbid"), then this necessarily "triggers" the UCP's selection of an "equivalent negative situation", in which that Individual human-being that inflicted "pain/suffering" would have to "experience" the same "negative situation" – in order for us to realize that such "Immoral Choice/s" is not "right" and should be "avoided"! "Implicitly", since we begin "realizing" the "connection" that exists between any (negative) "Immoral Choice" that we may have made – and our own experiencing of such a "negative situation" (e.g., of "pain or suffering", "G-d forbid"), then this raises our "understanding" and "awareness" that we cannot make any such "Immoral Choices" but rather must "correct" our own "free Moral Choice/s" to constitute "positive Moral Choice/s"! (Once again, this implicit "Moral understanding" or "Moral awareness" that our "Moral/Immoral Choices" determine the "Moral/Immoral" "positive" or "negative" situations that we would experience (ourselves) makes us realize that we are really "inseparable" from each other, as "integral parts of this singular higher-ordered UCP!")

Following this "Chessed's" (HCD) "Dynamic-Equilibrium is the next HCD: "Gevurah" which possesses a "Multi Spatial-Temporal Reservoir" of all "past", "present" and "multiple possible future/s" – for each Individual human-being depending upon (his or her) Moral/Immoral Choices (at each point in time), which already manifests the UCP's computation of the specific future for each individual human-being based on their specific Moral Choice/s; Next, follows the "Tiferet" HCD's Collective Human Consciousness Focus Jewish "Rosh Hashanah" (CHCF-JRH) "Non-Continuous Accelerated Expansion of the Universe" (NCAEU), in which the UCP essentially computes the specific "future/s" UF's for all Individual human-beings for the entire next year (and which also correlates to the Collective Human Consciousness Focus' "triggering" a "Non-Continuous Accelerated Expansion of the Universe"); Then, follows the HCD's of "Netzach's" "UCP's Computed Potential Object", corresponding to actually computed (next) "future UF's" value/s for each Individual human-being (based upon the previous HD's computation of the DEMP's precise selected future for each Individual human-being etc.); and finally, the "fifth" HCD of "Hod's" "UCP's Teshuva", in which the UCP allows for a "Teshuva" of each Individual human-being (for any "Immoral Choices/s" they have may made) which then would "prevent" the materialization of any potentially "negative state" (computed at the previous Neztach's "UCP's Computed Potential Object")! So, we can see, that these "five-essential" HCD's are (indeed) "centered" around the human capacity to select "Moral/Immoral Choices" based on the "free Moral Choice" (unique) characteristic of human-beings (e.g., unlike any other "inanimate" or "animate": "plants" or "animals"); Once again, the UCP's "motivation" underlying these "five-essential" HCD's is closely related to the fulfillment of the UCP's overall "Ultimate Geulah Goal" of steering the entire physical universe towards it "Perfected Geulah State" (e.g., "Morally", "Spiritually" and even "Physically")!

Since the whole "aim" and "Goal" of the universe's creation-sustenance- and evolution- by this singular higher-ordered UCP is to evolve the whole universe from "inanimate" matter through "animate": animals, plants and human-beings to the Ultimate

“Geulah Goal” of the whole of Humanity realizing the singularity of this “Universal Computational/Consciousness Reality”, including its unique characteristics of the Dynamic-Equilibrium Moral Principle” (DEMP), “All-Goodness”, “Peace and Harmony”; therefore those “five-essential HCD’s assist is “steering” Humanity (as a whole – as well as each Individual human-being) towards the attainment of this “Perfected Geulah Goal” State, through our experiencing of the “equivalent positive/negative state/s” produced by our Moral (or “G-d forbid”) Immoral Choice/s, and our ability to make “Teshuva” or to “learn” from those “negative” (“Immoral Choice/s’ ensued) or “positive” (“Moral Choice/s produced) Choices!

Interestingly, this new NMGCC discovery of “G-D’s Physics” new manner in which the UCP’s actually computes each and every object’s “Gimateria-based” (Hebrew letters’ numerical value – as associated with these five “essential-secondary” HCD’s) is found to differentiate between the manner in which the UCP utilizes these five “essential-secondary” HCD’s – for human-beings (e.g., possessing a “free Moral Choice”) as opposed to the other “Non-Human”, e.g., “inanimate” and “animate”: plants and animals: As noted above, for human beings, the UCP’s utilization of these five “essential-secondary” HCD’s is aimed at “teaching” and “perfecting” our Moral nature such that we realize through these five “secondary-essential” HCD’s our “inseparability” from each other as well as from this singular higher-ordered “Universal Consciousness Reality” (UCR), which is a part of the overall UCP’s advancement of Humanity (and the universe) towards the fulfillment of its “Ultimate Geulah Perfected Moral & Spiritual State”!

Hence, in order to “teach” and “perfect” each and every Individual human-being (and Humanity as a whole) through the operation of these five “essential-secondary” HCD’s the UCP utilizes each one of these five “essential-secondary” HCD’s based on each of these five HCD’s “ten zero’s” – as corresponding to the Ten Hierarchical Computational Dimensions (THCD’s)! This implies that in addition to the “basic” Gimatria Consistency Computation (GCC) pertaining to each one of the letters comprising each Individual human-being’s “name” (and the more general GCC of the “general name” of a “human-being”, as discussed above), for each Individual human-being, based on (his or her) “Moral/Immoral Choice/s” (as discussed above) the UCP computes for each one of the 10 zero’s corresponding to each of those five “secondary-essential” the THCD’s complete “Moral rectification”!

In contrast, for all “Non-Human” (NH) forms of “inanimate” matter or “animate”: plants and animals, the UCP computes only the GCC based computation of these five “secondary-essential” (as discussed above) based only on the Gimateria (Hebrew letters numerical values associated with each one of these five “secondary-essential” ten zero’s values), i.e., without connection to the THCD’s overall Moral rectification)! One “exception” to this “neutrality” of the THCD’s association with the “ten zero’s” for “Non-Human” (NH) forms (of “inanimate” matter, “animate”: plants and animals) is all instances in which these NH objects are associated (in some form or fashion) to a Moral/Immoral Choice/s that a given Individual human-being has made, in

which case it is possible that that NH “object” will be “included” or “affected” by that Individual human-being’s Moral/Immoral Choice/s (e.g., as manifesting through the human DEMP’s associated five “secondary-essential” HCD’s “ten-zero’s”)!

Thus, we see that the manner in which the UCP computes (simultaneously) all exhaustive spatial pixels (and “objects”) in the universe based on a “Non-Material Gimateria Consistency Computation” is “non-material” (in nature)! As we’ve seen previously, due to the “A-Causal Computation” characterization of “G-D’s Physics” New Scientific Paradigm (e.g., stemming from the fact that there cannot exist any direct or indirect “material-causal” physical relationship/s between any two or more exhaustive spatial pixels existing in the same- or different- UF’s frames due to the UCP’s simultaneous computation of all exhaustive spatial pixels for every consecutive UF’s frame/s and the complete “dissolution” of the whole universe “in-between” any two such consecutive UF’s frame/s); we’ve realized that since there cannot exist any such (direct or indirect) “material-causal” physical relationship/s between any two (or more exhaustive) spatial pixels existing either in the same- or different- UF’s frames, therefore there cannot be any “transference” or “effects” across any two consecutive UF’s frames: in other words, one UF’s cannot “affect” or “create” any “effect” or “influence” upon its subsequent UF’s frame/s!

Instead, we have to look at the singular higher-ordered UCP – not only as the sole and singular “Universal Consciousness Reality” existing both “during” each of its consecutively produced UF’s frame/s, and also solely existing “in-between” any two such consecutive UF’s frame/s, as the “Computational Invariance Principle” (of “G-D’s Physics New Scientific Paradigm) teaches us; But even beyond that, we realize (in this article) that the manner in which this singular higher-ordered Universal Computational/Consciousness Principle (or Universal Consciousness Reality) computes each and every exhaustive spatial pixel’s object in the universe depends entirely upon this singular UCP’s Gimatria based (Hebrew letters) Consistency Computation, which is “guided” based on the UCP’s or “Universal Consciousness Reality’s (UCR) overall “pre-planned” Blueprint for progressing the entire physical universe from inanimate “matter” through “animate”: plants, animals and human-being towards the “Ultimate Perfected Geulah State” in which Humanity and Science will recognize the “Oneness”, “All-Goodness”, “Morality”, “Peace” and “Harmony” of this singular higher ordered Universal Consciousness Reality!

We’ve discovered in this (unique) article that the manner in which this singular higher-ordered UCR continuously creates- “dissolved”- re-computes- and evolves- every exhaustive spatial-pixel and object in the universe based on this NMGCC computation which differentiates between Human (H) and Non-Human (NH: “inanimate” matter, or “animate”: plants and animals) by incorporating (in addition to the basic Gimateria based computation of every object’s Hebrew name as associated with those five “secondary-essential” HCD’s ten zero’s numerical value etc.) also the DEMP’s manifestation through those five “secondary-essential” HCD’s THCD’s Moral rectification associated with the “ten-respective zero’s”!

We thus obtain an entirely new conception of the true nature of the physical universe – which is essentially “non-material”: it is only a manifestation of the singular higher-ordered UCR (which constitutes the only “constant”, “uniform” and “continuous” reality existing both “during” its production of each consecutive UF’s frames comprising all exhaustive spatial pixels of the universe, as well as existing solely without the presence of any physical universe “in-between” any two such consecu-

tive UF’s frames), which has “pre-planned” the whole origination- sustenance- and evolution- of the entire physical universe from “inanimate” matter through “animate”: plants, animals and human-beings towards the Ultimate “Perfected Geulah Goal” in which Humanity and Science will recognize the singularity of this “Universal Consciousness Reality” characterized by “All-Goodness”, “Morality”, “Peace” and “Harmony”!
